MEMO: To All Bryston Customers

February 2012

SUBJECT: NEW Bryston BHA-1 Headphone Amplifier

Dear James

Feedback from the Bristol 2012 S&V Show on the BRYSTON BHA-1 HEADPHONE AMP.

Demo System:

- Sennheiser HD800 & HD650 (Single ended)
- Bryston BDP-1 Digital Player
- Bryston BDA-1 External DAC
- Bryston BHA-1 Headphone Amplifier

Customers feedback from show:

- Super product, thumbs up from all persons who used the BHA-1 (So much so that Sennheiser were sending clients for demos as it was far better than theirs)
- Easy to use

- Liked the build quality
- Superb bass response
- Has the ability to drive any phone plugged into it
- Greater high level performance than other products

Kindest regards,

Keith
