**Hi James,**

**I just did a SP3 demo this morning, and the customer was nearly in tears.**

**Bryston SP-3 Surround Processor**

**It really moved him, he's got a 1.7 at the moment but he was totally blown away by the SP3, he made me smile though as to be able to afford it he is going to give up his daily Costa coffee, Buying lunch out every day and he has given up smoking.**

**So not only is the SP3 the best processor on the planet but it also helps saves lives :-)**

**Thanks,  
Paul.**
