## A Lifetime of Music

MEMO: To All Bryston Customers

Hi James,

Both of these units are amazing pieces of kit. **This is the 1st time I've heard digital sound as good/better than my Michell Orbe turntable.**

I am looking for a Bryston pre/power combination next as I think the synergy between these products will really lift my listening experience to another level.

Incredibly pleased by this wonderful supremely musical player/DAC combo. These 2 products have really made me sit up & listen to music again!

Cheers
