“Had to do it...

Couldn't resist....

I'm working really late tonight and had to unwind.

The Model Ts are set up right up front in the shop by the counter. I downloaded Donna Summer from HD Tracks in 24/192. Disco is really meant to be played above 100db.

These things are really really ALOT of fun.

Ps. the Goldberg Variations sounded great earlier today too but in the immortal words of Donna Summer:

" when they're bad they're oh so bad"
