SUBJECT: Customer Feedback - Bryston Model T Speakers

March 16th, 2013

Mr. Tanner,

I was able to listen to a set of **passive Model T's @ Pulsworks in Saskatoon SK and they sounded ridiculously awesome!**

Model T Passive

I sat and listened to them with David Puls, the owner of the store, for about 45 minutes and he had a ton of great things to say about Bryston.

Right before I listened to the Model T's I was listening to a set of (XXXXXXXX) and in my opinion they didn't hold a candle to the Model T's. David put on "Flight of the Cosmic Hippo" by Bella Fleck and Fleckstones and my jaw dropped at the bass coming out of those speakers.

I am more of a home theater fan and am building my basement at the moment, what would recommend as surrounds to match the Model T's?
