SUBJECT: Bryston Mini A Speaker – Dealer Feedback

March 2014

Greetings Bryston:

Well I received the Mini A loudspeakers today and I'll be honest I was quite nervous un-boxing them as I kept thinking this is only \$1250 a Pair - really how good can they be?

I have listened to hundreds of speakers at this price point and never been floored like this - **WOW !!!! ...**

Now if I did not know the price my first thought would be those sound great but how much are they???

Well again James you have blown me away... job well done I give this a 10 and at this price the competition should quite a bit nervous with

the new kid on the block this Bryston speaker **is a knock out....**

And not a little punch a total uppercut **BAM** and a 20year warranty!!!!

GREAT JOB JAMES!
