A Lifetime of Music

MEMO: To All Bryston Customers SUBJECT: Bryston Speakers Feedback

August 2014

Hi Folks

After 30 yrs of audio, both with my band and my 2ch audio system, I always look forward to an evening of both audio 'UbX' equipmentž and an evening with James Tanner is always very informative and satisfying.

James had both his Model T and mini T rooms dialed in perfectly... and I mean perfect!!! The sound staging was big, full and widež something we as audiophiles love to heUf. Jamesfi song choice this evening were extraordinary to me as I had never heard any of them before... I must say that the T series goes deep and very detailed and came a'long way since the first prototype I heard 2yrs ago.

Thank you James for a listen and look at your most recent version of the Model T and Mini T... also I loved the sound of the Bryston BDA-2 DAC, BDP-2 Player, PowerAmps and Preamp combination in your setups!

Always a pleasurež
