March 2015

Hi James

**The Bryston Mini-T's sound = Holy shizzle, these are GREAT.**

**I received my Mini-T's last week. I set them up yesterday with my new Mc MC75's. I listened to them for 6 hours.....**

**All I can say is WOW. These speakers are awesome.**

**The build quality is insane and the built in speaker pads and included spikes are just a bonus.**

**I'm shocked at how much bass these "little" speakers put out. Actually, I'm also shocked at the size. These are no bookshelf speakers. They feel as solid/dense as a rock. Magnetic grills are very cool.**

**I'm SO glad I choose these.**

**Huge problem....I want a pair of full size Model T's now!**
