AES/EBU with the old card is out-dated!

Great work!!! “

“Hi James.

Installed the new Bryston card and it is fantastic really.

Noise floor has dropped, details are better and bass is fantastic. These findings are in my set-up, so don't know if everybody will have the same change. I'm using AES/EBU.

This is so much better that you should rename the BDP-2 with the new card to BDP-2.1, as older reviews done using
