MEMO: To All Bryston Customers

SUBJECT: BDA-2 DAC/BDP-2 Player – Customer Feedback

Hi James

It was a pleasure to met you at CEDIA....thank you very much for your time. I'm still in Miami but I-m sending you copy of Fernand Gozalez e-mail comments.

Best regards

Pablo

Dear Mr. Tanner,

These are not my first couple of Bryston units. In fact, I've been already quite impressed since I own your 4B-SST², and your BP-25P.

But these BDP-2 & BDA-2 are mind blowing.

I had been following their development ever since they were announced, waiting for the appropriate opportunity to purchase them. Living very far away from Canada, it's not sensible to take the odds ratio the easy way. Fortunately, Mr. Pablo Janssen helped me once again.

I've been getting acquainted with the BDP-2 slowly and carefully, now it's only 4 days I have both units at home. I'm reading the AudioCircle forum rather than asking. When in doubt, I email Chris Rice. His help has already been very important for me, and he has been quick and accurate and much to-the-point.

Seriously, thank you very much for developing Bryston products. I've been watching your company grow and develop with great success ever since I first read an ad of Bryston at Stereophile and at Audio magazines.

Sincerely, Fernando.
