

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston TAVES Show Report – UHF Magazine

TORONTO 2015

“Bryston had its usual room, with enough space to include a large sampling of its loudspeakers.

It sounded excellent, as it always does.

**Among the new products is this:
BDA-3 DAC**

That's the BDA-3, the latest version of the excellent BDA-2 digital-to-analog converter we reviewed in UHF No. 96. The DSD format has been added.

The new DAC has its digital circuits on discrete boards that can be changed as technology advances.”
