SUBJECT: Bryston BDA-3 DAC

December 2015

DEALER FEEDBACK:

Hi James

Been slammed with business; so this was the first chance I had to listen to my new Bryston BDA-3 DAC.

BRYSTON BDA-3 DAC

A marked improvement over the BDA-2, I mean really noticeable!

I put it temporarily in my all Esoteric rig, feeding it from an Olive 04 since it was near-by.

The sound itself is much more analog, and flows effortlessly. I also noted a broader soundstage.

Combined with all the inputs, and super high reliability.

Bryston has hit it out of the park... again!
