SUBJECT: Dealer Feedback – New Cubed Amplifiers

Feb 2016

“James

You need a new speechwriter!

Why do you always dramatically understate things in your press releases "Evolution not a revolution"?!?!?!

That's like referring to the evolution from a fish to a bird as though it was no big deal :)

Yes the new Cubed series is way better than the Squared! And that's brand new, with no warm up/break in. Incredibly refined and natural.

Can't wait to hear the 14B3!

Oh, and the BDA3 is also not merely a BDA2 with DSD. Again, huge difference here in quality. You gotta get the crowd more excited, man! :)

Keep up the good work!”
