SUBJECT: Dealer Feedback - Model T Speakers

October 2016

WOLFSONG AUDIO

James,

Wolfsong Audio's Model T signature speakers arrived this week.

Towers of Power indeed!

Real full range response with outstanding dynamics, depth, detail and coherence.

They are a true pleasure to listen to. From Rachmaninoff to Van

Halen to Sarah Vaughn to Crystal method they morph into the "speaker that likes....."

We may be spoiled with the 28B3s driving them but what a fantastic combo. Low level listening is fabulous and that just seem to soar ever higher when played at louder volumes. Break in has been nearly painless and with just over 90 hours on them the sound stage is expansive and expressive.

Well done Bryston!
