

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston Turntable – Dealer Feedback

Hi James,

Our turntables arrived today, thank you.

The fit, finish and aesthetics are excellent. Setup was a breeze.

It was a busy day at the shop but we were able to squeeze in some BLP-1 listening and had loads of fun with a few Stevie Ray Vaughan and Ricki Lee Jones tracks. This Italo-Canadian beauty can do the dynamics and slam of higher energy music as well as the imaging and midrange finesse of lighter fare. The power supply exudes high end also...pitch and speed stability are spot on.

We've got another Bryston winner on our hands...we're delighted with the BLP-1.

Sincerely,
Robert

Hi James

The Bryston turntable does sound very, very good with a sense of rhythm and articulation that is quite exceptional.

We have it set up with the Denon DL103R and running through a Lehmann Black Cube SE II into a Bryston B135.

Thank you and have a great day,
