RMAF 2016 Bryston

I was happy to return to the Bryston room once they had the new turntable setup and playing!

The new BLP-1 turntable developed with GoldNote in Italy, along with the BTP-1 power supply sounded great. The belt-driven BLP-1 features a titanium tonearm and 35mm thick Delrin® platter.

Carlo Lo Raso Moderator ▶ **SECRETS "CAVE"**

Adding on to Piero's Bryston post, here are a few more pictures of the Bryston Mini T loudspeakers and the associated Bryston equipment.

It was indeed one of the better sounding rooms of the show. Also making an appearance was Bryston's new BLP-1 Turntable.
