MEMO: To All Bryston Customers

SUBJECT: TAVES - Bryston Demo – 2B Cubed

November 2016

Good Afternoon Mr. Tanner

I stopped by the Bryston room at TAVES a couple of weeks ago and thoroughly enjoyed the sound of Stevie Ray Vaughn's "Tin Pan Alley" that was playing - the system that you had set up was excellent and I was very impressed.

I wanted to tell you about the new 2.5B3 that day but it had not arrived at that time so you gave me your card and here I am.

I have been listening to the amp now for about a week and a half and the first words that we uttered after settling in to listen to this little beauty is ... WOW!

The bass is deeper and more detailed layers of bass are revealed. The soundstage is big and so 3 dimensional! Gorgeous front to back details and imaging. This is the best amp that I have had in my system to run so easily and so sonically and I am very pleased.

Congratulations on a great product from a happy customer in Ingersoll!

Regards,
Tom Ingram
