MEMO: To All Bryston Customers

SUBJECT: Bryston Demo ... TAVES 2016

The Bryston Room sounded really good. Great set-up, and not with a super high-end price tag.

This room sounded better than some of the ones I've seen and heard in the mega-buck range!

A closer look at Bryston's Model T in the tri-amplified mode with the new electronic crossover that allows choosing your own amp ... or theirs, of course.

This system did not sound as grandiose as others at the show, but it did sound more natural/organic, not contrived, put-on with exaggerated sonic elements to get one's attention. This was great audio!

Great job Bryston!
