TAVES 2016 report

Bryston

Bryston of Peterborough, Ontario had an entire room of their awesome stuff.

For some reason I never paid much attention to Bryston. Shame on me, them being a local brand with a world class equipment. And this room was a proof of that.

The sounds coming out of Model T speakers were excellent. Great imaging, clean tight bass and detailed highs.

And what's even more pleasing is that Bryston equipment doesn't cost a fortune and can hold its own against the brands that are tens of thousands of dollar more expensive.

For more info visit www.bryston.com.
