## A Lifetime of Music

**MEMO: To All Bryston Customers**

**SUBJECT: Pulsworks Demo Night – Active Bryston Model T's**

May 2017

Hi James

The Bryston Active Speaker Demo Show was fantastic!

The Bryston room was packed all night with many people exclaiming that they had never anything like this in their life! With the striking of the bass drum in the Finale of Stravinsky's Firebird Suite many people were in disbelief at the impact of what they just heard.

So many people dropped their jaw, eyes wide open, some shouting out "Yea!!!" very loudly, and others simply sitting speechless as their pant legs rustled with the sonic impact.

It was an experience and a delight to behold. It was a great evening!

Thank you for helping to make the evening a very memorable one for more than the 150 people that came out. This was the first time that any of those present heard an active system—a whole new experience in itself.

I even have a few clients tell me that they have never heard anything like it !!!

I think that it is likely that at least two people will upgrade their Model T's to active.

Again, thank you for a great evening of music at Pulsworks.
