MEMO: To All Bryston Customers
SUBJECT: Bryston Model T Active Demo

June, 2017

Hi James,

I would be very interested in reviewing the Bryston Active Speakers.

I was just telling some of the other guys how good the active Model Ts that were demonstrated at HiFi Centre sounded this past weekend in Vancouver.

Like the Cubed amps, very precise and linear sounding from top to bottom.

Sounded like a much more expensive speaker system and a lot of expensive speakers don't integrate as well or sound as coherent throughout the entire audio band.
