SUBJECT: Bryston Model T Signature Speakers – Customer Feedback

November 2017

Hi James,

I just wanted to personally thank you for developing such a wonderful speaker.

My new Bryston Model T Signatures are much improved over my original Model T passives.

The veneer is gorgeous, and they sound tighter, more resolving and much more dynamic.

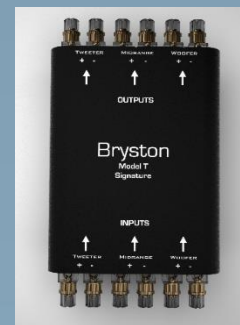

Right now, my electronics are Bryston BDA-3 DAC to BP-26 preamp to 7B3 Mono Amps to Model T Signature speakers.

I've been talking with Mark Jones about upgrading to two more 4B3 amps and a Bryston BAX-1 Digital Active Crossover.

I'm sure the next upgrade to Active will be a huge improvement as well.

Thanks again and have a great weekend.
