SUBJECT: Bryston Middle T – Customer Feedback

February, 2018

Hi James

Sorry for my English, with help from google...

I love my Middle T's bought from Lyric HiFi Oslo, Norway. Great service from Haavard and Bjørn Olaf!

The Bryston Middle T replaced Audio Physic Padua R. What I liked with my AP was the 3 dimensional image and the midrange quality that was very important to me, but my AP were relaxed and undefined in the bass.

When I heard Bryston Middle T at Lyric HiFi I found a substitute that I thought I would try at home.

The sound image was 3 dimensional :-) and a midrange that I liked but the Middle T was much more articulated than the AP. The Middle T reproduced lots of micro details in my music/records that I had not heard before, and the bass is very articulated and with punch.

I'm playing today with 4B3 with the preamplifier from B135sst2. Waiting to hear matching with BP17 3 cubed, as soon as Lyric gets one in the store :-)

Best,
Jan in Norway
