MEMO: To All Bryston Customers

SUBJECT: Bryston Model T Active – Distributor Feedback - Norway

T.AA.IMPORT AS

Dear, Brian & everybody @ BRYSTON !

Attached please find Håvard's picture of our BRYSTON rig with 21B3 amplifiers and the BIG Model-T speakers with BAX-1 Electronic crossover etc... .

Håvard hadn't time to wait a minute more, when I unloaded the shipment yesterday. He connected the BIG Bryston 21B3 amplifiers and we listened yesterday to different music and we concluded early on but which we felt stronger and stronger about as we continued to listen and can confirm:

The Bryston 21B3 Cubed amplifiers lifted the experience of the Model-T Active sound above everything we have heard earlier. They played with authority and control and with details in the high frequencies we have never experienced before.

We were astonished by the extreme control of the lowest of the low frequencies. You Brystoners have made an extremely good match with the 21B3, BAX-1 and Model-T Active speakers. Now it's more than a pleasure to come to work and listen to this setup. Thank You, Bryston!

Brian, say hello to your employees from us, we are very thankful for what you have done for us and soon for the Audiophiles in Little Norway. The future is very bright.

Best regards from
Håvard &, björn
