MEMO: To All Bryston Customers

SUBJECT: Bryston - Soundstage Montreal Audio Fest

March, 2018

Eldon Doucet reviewed Montréal Salon Audio / Audio Fest

Just got back from seeing the show yesterday.

The quality of sound is just not what is used to be there.

I haven't been for the last 5 years as I have been going to the Taves show in Toronto. This show is better for the pure music and stereo lover though.

What I found in a lot of rooms was noise. People and exhibitors talking while the rest of us are trying to listen! That's the purpose of attending the show - listening to all the different equipment.

If you're reading this, please, try to take the taking outside while music is playing on your equipment.

Best room in the show, in my opinion, was Bryston.

GREAT SOUND!
