MEMO: To All Bryston Customers

SUBJECT: Bryston 4B Cubed Amplifier – Customer Feedback

July 2018

“Hi James,

I just thought I would send you a message of thanks for such a great product (Bryston 4B3). I purchased one earlier in the year from Hi Fi Centre in Vancouver, BC. (realizing a life-long dream of owning NEW Bryston gear)....

I am driving a pair of vintage Acoustic Research AR-9 speakers with it (the 4B3 replaced a pair of vintage BGW 6500 amps in a vertical bi-amp setup in this challenging "load" situation.

I must say what a marked improvement in sound-stage, particularly in the bass.

I am a musician, operate a small scale recording studio and am a long time audiophile (since late 1970's) so I know of what I speak.

Thank you and all of your employees and please forward this to the front line employees who build the amps.

Their efforts are appreciated!”

Thanks so much,
Randy Turner
