

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston Active Middle T Demo – Capital Audio Fest

November 2017

Well James, I am nowhere near experienced enough in high end audio to critique your new active speaker system, but I have a system that would list for twice what the full Bryston setup in your room cost, and what I heard has really got me thinking.

Unfortunately my wife and I did not make it to your room until the end of the day Sunday. We were unable to spend as much time as I would have liked listening to different types of music. I would really like find another opportunity to demo this setup again, as I would have to sell off most of my system to facilitate the purchase.

Considering that I am contemplating selling what I would consider some world class gear, that took me a couple of years to assemble, to enable me to purchase your latest achievement, should be pretty high praise as to what we heard.

The tonal balance, and clarity of the active version was astounding. Not to mention the bass! I kept asking Gary if he had a sub hiding in the side room. My wife and I were both VERY impressed!

Congratulations on quite an achievement!

Regards, Rob.
