**"This was a challenging install. Corner loading a speaker and using an antique cabinet for the Bryston amplification.**

**Electronics is not what High End installs are usually made up of.**

**We were blown away by the flexibility this Quatro gave us in setup. The HRS Nimbus feet helped from the fatty and pudgy sound we got from the cabinet. All in all a success.**

**Thanks to Vandersteen for adding a high pass filter.**

**The system really shows off our fantastic Bryston 4B-Cubed Amplifier and the astounding BP17 Cubed Pre-Amplifier. This Bryston pair is the best deal in Audio by far.**

**Cables by AudioQuest and Niagara 1000 Power Conditioner.**

**Please come visit us at Sunny's to hear this system."**
