**MEMO: To All Bryston Customers**  
**SUBJECT: Bryston Mini A Speaker – Dealer Comments**

September, 2018

**Bryston Mini As are back in stock and in a new(ish) finish - Espresso Walnut. I have to say this loudspeaker is one of the best values in our store.**

**It seems like a good time to quote myself from way back in November of 2015.**

**"Every once in a while a product comes along that completely defies expectation. The Bryston Mini A is that product! ...**

**This modestly sized, three-way stand mount loudspeaker is remarkable in its ability to disappear.**

**The bass weight is fantastic considering the low end duties are left to a 6 1/2" woofer. Coherence is another strong suit; close your eyes and you'd swear you were in front of a pair of Magnepans.**

**They are that good. At \$1500.00/pair, they may be over looked by some and that would be a big mistake."**
