

PRESS RELEASE

Bryston Names Rich Jackson Rep of the Year for 2015

Peterborough, Ontario January 19th, 2016 — Bryston has named Rich Jackson their independent sales representative of the year for 2015. Based in Alameda, California, Rich Jackson covers Northern California, Northern Nevada, and Hawaii for Bryston. Craig Bell, vice president of sales and marketing at Bryston made the announcement at CES 2016.

Rich Jackson started his company in January, 2010 and has been servicing Northern California, Northern Nevada, and Hawaii, leveraging his industry experience and expertise to bring premium brands to top dealers, integrators and residential system specifiers in the region. “I am committed to providing premium, profitable solutions as well as the finest level of service to dealers in my territories,” Jackson stated. Jackson has been honored numerous times by manufacturers for fine performance, and was Bryston’s top rep back in 2011.

“I have long been passionate about high performance audio and Bryston’s lineup allows me to bring top level products and innovative solutions to a broad range of retailers and integrators in my territory,” added Jackson. Rich Jackson also represents James Loudspeaker, Audio Control and others.

“Rich Jackson has done a superb job of developing the right distribution channel for the Bryston brand throughout his territories,” stated Craig Bell, national sales manager for Bryston. “We appreciate the energy and enthusiasm that Rich has exhibited as Bryston has expanded its product lineup to include award-winning digital products and loudspeakers. Now, with the introduction of the Cubed Series amplifiers for 2016, we anticipate an exciting year ahead,” Bell added. Rich Jackson represents Bryston in both the consumer audio and professional audio market segments.

About Bryston: Bryston (www.bryston.com) first opened for business in 1962 as a manufacturer of medical equipment. The company was purchased in 1968 by John W. Russell, an ex-NASA engineer. Together with sons Chris, Brian and John D., they first started exploring the field of accurate, reliable audio amplification in the early 1970s. Since that time Bryston has become legendary for their hand-built quality, superb performance and dependability under load in the home, professional and commercial markets. Bryston amplifiers are used in some of the world’s most renowned recording studios and owned by many discerning music professionals. Bryston applies precision manufacturing techniques and materials in the assembly of their electronic equipment that are more typically utilized by the military and aerospace industries. Bryston is based in Peterborough, Ontario Canada, northeast of Toronto, and is sold through over 150 dealers in North America and 60 countries worldwide.
