Hi James,

Please find attached the BHA-1 first Polish review.

The whole review and the technical description is excellent!

Bryston is also featured in this Audio Video issue of the test with the HiFi Man HE-6 headphones.

AUDIO VIDEO Magazine (11/2012)

The BHA-1 also won a FIVE STAR- "AUDIO VIDEO RECOMMENDATION"

A few English translated sentences for you:

"The Bryston BHA-1 is a very successful product. Even if you do not have a headset you might want to try it out as a balanced line preamp - it really has only a few worthy rivals. (...)

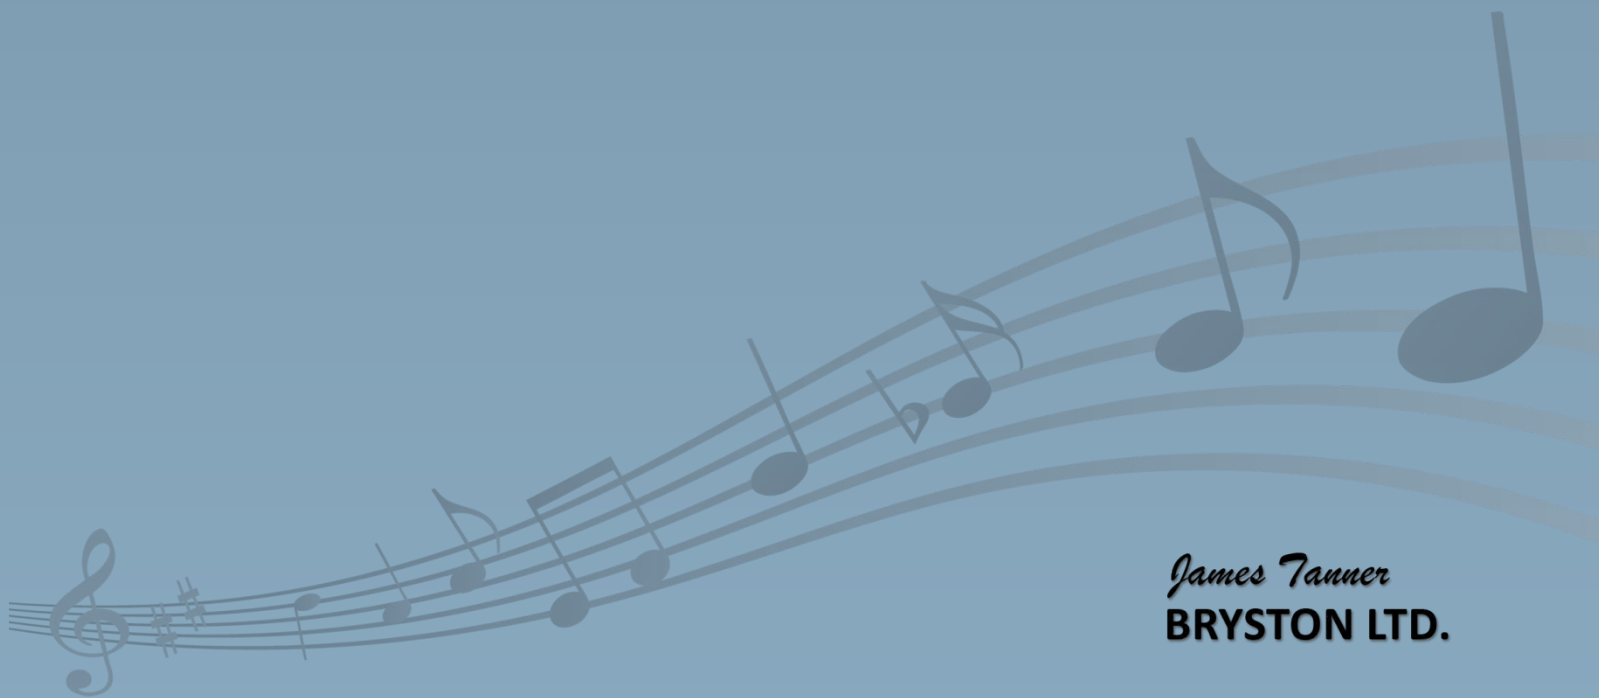

Three-in-one? Yeah and you need to add that all of these components are at a very high level of performance - for the price of just one of them.

BRYSTON BHA-1

"Recommendation one hundred percent!" *****
