

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston BHA-1 - Product of The Year

Bryston is very pleased to announce that our BHA-1 Headphone Amplifier has been given a Product of The Year Award in ToneAudio Magazine for headphone audio.

BRYSTON BHA-1
\$1,395

Bryston bursts onto the ever-growing headphone scene with a statement product right out of the chute, and it's clear that the company has done its homework. Weighing more than most Class-D power amplifiers, there's a healthy power supply under the hood and that's a great start.

A high quality Noble volume control and the ability to drive headphones through standard quarter-inch single-ended outputs or balanced via dual XLRs means you can grow with the BHA-1 as your headphone arsenal expands. And the sound? That's why it's our POY.
