BRYSTON - CES 2015

“Sat with one of my favorite people in the business, James Tanner to hear his Mini T speakers, (sorry for the poor image).

I admitted to him I'd never heard his speaker sound so good, enough to want a pair. He mentioned that the entire setup we were listening to including his digital music player, amps and speakers is under \$18,000.

Trust me, that's a bargain”
