Hi Folks

One of my favourite albums of all time is being re-mastered by Peter Moore (the original mastering engineer) at 176/24 resolution on an all Bryston system.

The Trinity Session

Album by Cowboy Junkies

The Trinity Session is a 1988 album by Cowboy Junkies, their second album.

The music was recorded at Toronto, Ontario's Church of the Holy Trinity on 27 November 1987, with the band circled around a single microphone.

The Mastering System:

- Bryston amplifiers
- Bryston Middle T loudspeakers
