

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston Mini T Speaker - Exceptional Value Award!

March 2016

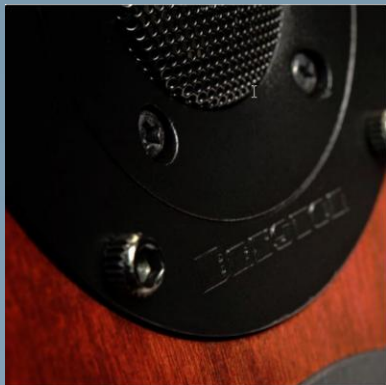

Hi folks

I am please to report that the Bryston Mini T loudspeaker receive an 'Exceptional Value Award' from TONEAudio Magazine.

Bryston Mini T Speakers ToneAudio Award Winner !

Bryston has a legion of loyal followers around the world built on their electronics that have a rock solid reputation. Because of this, many of their amplifiers are in some of the world's most famous recording studios, so it's no surprise that Bryston has decided to make a small but comprehensive line of monitor speakers.

The Mini-T has a straightforward design, is robustly built and is true to the music. Like a great studio monitor, they have wide dispersion, making them easy to set up and easy to enjoy anywhere in the room. And like the amplifiers that precede them, they are robustly built for years of trouble-free enjoyment.

While many loudspeakers in this price range embellish for the attention and effect, the Mini-Ts do so much right that it's easy to lose sight of just how good they are.
