

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston – Mini T Active Speaker Demo Munich 2018

“Bryston had a fully active version of their Middle T speakers on play.

The system consisted of the BP-17 cubed preamplifier, the BDA-3 DAC, BDP-3 Digital Audio Player, BAX-1 Active DSP crossover and two 21B cubed three-channel amps powering the whole thing.

This is the first time I’ve heard an active Bryston setup and I can certainly see why it has its advantages. Very clean and resolving, with a great sense of seamless integration from top to bottom. I’ve rarely heard Tony Bennett sound better!”
