

MEMO: TO ALL BRYSTON CUSTOMERS

SUBJECT: BRYSTON 28B-SST - BEST of 2007

November 2007,

Hi All,

Please find below a link to the online magazine **6 MOONS.COM**

<http://www.6moons.com/industryfeatures/bo2007/john.html>

Every year each reviewer is asked to submit their **Favorite Discoveries of 2007**. John Potis is currently working on a **28B SST** review but decided to place them in this year's favorite finds because as he stated to me – "I couldn't see making these amps wait till next year for recognition!"
